Discover Universiti Malaya -

A Legacy of Excellence Since 1905

Universiti Malaya (UM), Malaysia's oldest and most prestigious university, is located on a lush 922 acre campus in the heart of Kuala Lumpur. Ranked as the No. 1 university in Malaysia and 60th in the world (QS World University Rankings 2025), UM blends a proud legacy with a forward-thinking vision. Founded in 1905 in Singapore as the King Edward VII College of Medicine and later merging with Raffles College in 1949, UM was established as a centre for academic excellence and unity in diversity. Its vibrant campus provides an enriching environment where tradition meets innovation, making it an ideal place for discovery, growth, and transformation.

The university's guiding mission was laid out in the 1948 Carr-Saunders Commission Report, envisioning UM as a space where people of various races, religions, and economic backgrounds could unite in shared academic pursuit. Officially established in Kuala Lumpur in 1962, UM celebrated key milestones, including the appointment of its first Chancellor, Tunku Abdul Rahman, and its first Vice-Chancellor, renowned mathematician Professor Alexander Oppenheim. These foundations cemented UM's reputation as a standard-bearer for educational excellence.

Carrying the motto "Home of the Bright and Land of the Brave," UM continues to nurture future leaders, bold thinkers, and global citizens. With world-class research, strong global ties, and a commitment to real-world impact, the university remains a beacon for those passionate about innovation, leadership, and building a better world. Today, under the Chancellorship of Sultan Nazrin Muizzuddin Shah, UM stands as a dynamic hub for students ready to dream big and act bravely.
